CENTURION FROM AMERICAN EXPRESS

A date with your favourite sportsperson is the perfect, original present idea. Centurion member Michael received such a gift last year and recalls: "With the help of Centurion, my family gave me the chance to ski with my skiing idol. I was given a presentation box containing a DVD featuring this world-class skier. He announced that we – along with a couple of my friends – would ski together. We spent a whole day sharing our passion for skiing and nature's open spaces. Even now, I can still enjoy video footage of that magnificent day." Why not let your Centurion Concierge organise a once-in-a-lifetime experience for you?
